

Company Announcement

Aarwangen, March 3, 2025

Felix Egger appointed new CEO of Waterjet AG

Waterjet AG is setting the course for the future: the Board of Directors has appointed Felix Egger as the new CEO. He took over the management of the company on October 1, 2024, and will actively drive the continued development of Waterjet AG with fresh momentum.

Felix Egger is an experienced executive with extensive expertise in various management roles. Prior to joining Waterjet AG, he held several leadership positions, most recently as CEO for the DACH region at Roto Frank Roof System Technology.

“As a leading specialist in waterjet cutting, Waterjet AG stands for top quality, reliability, and strong partnerships. I look forward to continuing the company’s success story together with the experienced team,” said Felix Egger upon assuming his new role. The Board of Directors is confident that he is the ideal person to sustainably and strategically strengthen Waterjet AG’s market presence.

For you, our valued customers, partners and suppliers, nothing will change: you can continue to rely on our quality and commitment. We thank you for your trust and look forward to continued successful collaboration under the new leadership.

Walter Maurer
Chairman of the Board

About Waterjet AG

Waterjet AG is the leading specialist in waterjet cutting in Switzerland. With over 35 successful years in business, we offer a powerful combination of advanced machinery, deep technical know-how and a strong service mindset. Regardless of material thickness, size or hardness – we cut with the highest precision in any shape, including 3D contours – from micro waterjet cutting at 150 µm to rapid cutting with a 0.8 mm nozzle.
